Washington, July 27.—The Russian  
military reverses have encouraged the  
government in Petrograd, according to  
a dispatch from Ambassador Francis to-  
day to the state department. The  
control of the army by soldiers' commit-  
tees, the ambassador reports, and have  
led to a universal demand for  
stronger discipline.The ambassador reported that the  
military crisis at the front has caused  
the deepest alarm in Petrograd, not  
only as to a severe military disaster  
but as to the achievements of the  
revolution itself. All parties are  
united, he said, in urging the govern-  
ment to use any measures necessary  
to meet the situation.[BY ASSOCIATED PRESS]

THREATEN A STRIKE  
TO START SATURDAYChicago, July 27.—Twenty-five hun-  
dred railroad switchmen employed in  
Chicago terminals, are expected to  
strike at six o'clock tomorrow morn-  
ing, according to an announcement  
made today by Frank Rasler, of the  
"general managers' conference com-  
mittee." The railroad officials said  
the strike probably would tie up con-  
siderable government transportation  
and explained it resulted from de-  
mands of the Brotherhood of rail-  
road trainmen for a closed shop.  
James Murdock, vice president of  
the Brotherhood and who is in Chi-  
cago in charge of the union interests  
in the controversy, said the reason  
assigned by railroad officials for the  
strike was "absolutely and unquali-  
fiedly false and on a par with many  
other statements coming from that  
source."The strike results from the fail-  
ure of the roads to concede a certain  
reasonable rule, affecting working  
conditions," he said.EDGERTON PARTY IN

DOWN FOR TRAININGMen Return From Furloughs and  
Start Active Work—Handsome  
Gift to Company Fund.With enlistments for the local mil-  
itary unit closed, officers and men of  
Company M have settled down to a  
period of intensive training in an ef-  
fort to bring all the men, new and  
old alike, into a condition where they  
will be able to increase the company's  
reputation as a crack organization.Some twenty-four men arrived at  
the local armory yesterday afternoon  
and evening from the outlying parts  
of the county, ending the last fur-  
lough they are likely to have until  
they get a brief vacation from fight-  
ing. Bright and early this morning  
these new men were gathered into a  
squad and under the direction of Cap-  
tain Caldwell himself, and several  
non-commissioned officers were start-  
ed on their course of training. Inside  
of three hours drill a mark of im-  
provement was noticeable, and it is  
likely that before many days are up,  
the entire company will be drilling as  
a unit.A number of promotions have been  
made as a reward of merit, and to fill  
out some of the vacancies that still  
exist among the non-commissioned  
staff. Corporals Lawrence, Leski,  
Ralph Kopp, and Irving E. Herman  
have all been made sergeants, while  
First-class Private Thomas Condon,  
and Private William McDonald, were  
made corporals.Another generous gift to the com-  
pany came in the form of a ten dol-  
lar check given by G. W. Homsey this  
morning to Captain Caldwell to be  
added to the company fund. There  
has been a considerable drain upon  
the fund of late, and the results of  
the tag day tomorrow are anxiously  
looked forward to by the men.About four dollars have been spent  
on the purchase of kitchen supplies  
not provided by the government.  
Each company does its own cooking,  
and the cooks and three kitchen po-  
lice have charge of feeding the men.  
Many large pots and pans had to be  
secured, and white clothes for the  
kitchen attendants were also bought.The new recruits have been re-  
ceived no response to his appeal for  
signal flags to be used in training the  
men. The flags should be eighteen  
inches square with three horizontal  
stripes of red, white and blue. They  
may be constructed of any mate-  
rial or of any color. Seventy-five  
pairs are needed and the women of  
the city are urged to make up the  
lack of men's hands. Notify the captain  
at the armory if you will make any  
flags.FIVE MORE RECRUITS

## Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.  
The best thing for steady use is just ordinary mild coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.  
One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.  
You get multifold coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

## HONOR MRS. CHILDS AS SUPREME ORACLE OF ROYAL NEIGHBORS

Royal Neighbor Camps of the County Unite in Reception for National Head of the Order.

A very pleasant social occasion and one highly gratifying to the guest of honor, was the reception given to Mrs. Eva Childs on yesterday afternoon at the Cargill Memorial church. The affair was arranged by the Triumph Camp of Royal Neighbors, as a slight testimonial of the esteem they felt for Mrs. Childs and to express their appreciation of her faithful and devoted services in their organization. Mrs. Childs has recently been elected Supreme Oracle of the order, which is the highest official position of the society in the United States. This reception was planned at this time to show that the local organization appreciated the honor which had come to a resident of Rock county in the election to this high office.

Many noted officials were present from out of the city to take part in the festivities and offer their congratulations to Mrs. Childs. Among them were Mrs. Louise M. Parks of Menasha, Supervising Deputy; Mrs. Alice Bennett of Baraboo, Mrs. Clara Hoyt of Kaukauna and Mrs. Maud Lowry of Footville, all of them being deputies.

Members of camps in Beloit, Evansville, Edgerton, Milton Junction, Emerald Grove, Shropshire and other places were present. At the Royal Neighbor camps in Rock county being included in the invitation. The rooms were beautifully decorated with flowers of red, white and blue. Ice cream and cake were served at little tables, the officials of the local camp serving the guests of honor. They were assisted by several young ladies who officiated as waiters.

An informal program was given during the afternoon, at which time a letter was read by Mrs. H. D. Muddock from Mr. Charles Whelan, a high official of the order. In this letter Mr. Whelan expressed his regret at not being able to be present at the reception and spoke of the pleasure felt by all in the honors won by Mrs. Childs. He mentioned the fact that she came to the office fully equipped for the task, having risen from the ranks and occupied each position she had filled with honor. He expected to see splendid constructive work in the society, done as a result of her administrative ability. Informal talks were given by other members, and Mrs. Childs sang several selections that were much enjoyed.

At the evening a regular meeting of Triumph camp was held at their hall and a class of ten was initiated. Mrs. Childs assisted at the evening's reception and spoke of the guests from out of town were present at the meeting.

Mrs. Childs has opened a suite of offices in the Jackson building for the transaction of the business of the order of the Royal Neighbors and expects to make her headquarters in the city most of the time.

## CEMENT HIGHWAY SURVEY FINISHED

Engineers Finish Last Lap of Laying Out Janesville-Beloit Link—No Active Work for Some Time.

Preliminary work for the proposed concrete highway to link Beloit with Janesville was completed yesterday. The surveyors finished the last lap of their work. The engineers devoted close to three weeks to the task of laying out the route decided upon. The worst piece of work was in the section from the railroad commission, and he was aided by three men from the department of County Highway Commissioner Charles E. Moore and in the county's motor cars.

Although it appears a long time, it is evident that the work will not be started until at least a year from next spring. Highway Commissioner Moore believes this to be the earliest date possible.  
The plans for the road when finished must be sent to Washington for approval. After the federal authorities make changes and suggestions, should any be necessary, the county board must then take action and authorize the work.  
With the great war at hand and the resultant demoralized markets, both material and labor, it is apparent that some time will elapse before this important piece of work can be finished. However, Mr. Moore and many others interested in seeing the cement link completed are hopeful that conditions will adjust themselves shortly and in the shortest possible time.

**Why You Should  
Never Pare a Corn**

If you are troubled with corns or calluses, do not run the risk of blood poisoning by paring them. Statistics show that many deaths have occurred from this seemingly minor source of pain.  
Simply go to your druggist and get a few cents worth of Vudor, rub a little on any painful corn or callus. Immediately the pain will disappear and in a short time the corn or callus will loosen and lift off easily with the fingers—root and all, leaving the surrounding skin in a healthy, normal condition.

This, together with the fact that Vudor overcomes such afflictions as sore, tired, aching, puffed or burning feet, and makes them cool, easy and comfortable, is probably responsible for the hearty endorsement given it by druggists.  
To be sure, one foot of corn or callus, corn between the toes or painful calluses in such a pleasant and safe way, makes it seem the height of folly for anyone to want to pare a corn, and people are warned to stop it.

## BELLANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

mour's drove of 250-lb. mixed packing cost \$14.92 yesterday, against \$14.28 previous Thursday.  
There has been a flood of grassy and half-fat corn-fed cattle at Chicago and all western markets this week. Receipts at seven points for the week are largest since last November.  
Extreme hot weather, a smaller consumptive demand for meats and inability of packers to slaughter the immense number of cattle at some of the markets has caused a semi-demonstrated trade in all below best beefs, which are selling 25c@1 lower than a week ago.

Receipts for today are estimated at 2,500 cattle, 14,000 hogs and 8,000 sheep, against 2,343 cattle, 13,188 hogs and 14,664 sheep a year ago.  
Average price of hogs at Chicago was \$16.35, against \$15.33 Wednesday, \$14.75 a week ago, \$9 a year ago and \$6.71 two years ago.

**Cattle Trade Sharply Off.**

**Why You Should  
Never Pare a Corn**

If you are troubled with corns or calluses, do not run the risk of blood poisoning by paring them. Statistics show that many deaths have occurred from this seemingly minor source of pain.  
Simply go to your druggist and get a few cents worth of Vudor, rub a little on any painful corn or callus. Immediately the pain will disappear and in a short time the corn or callus will loosen and lift off easily with the fingers—root and all, leaving the surrounding skin in a healthy, normal condition.

This, together with the fact that Vudor overcomes such afflictions as sore, tired, aching, puffed or burning feet, and makes them cool, easy and comfortable, is probably responsible for the hearty endorsement given it by druggists.  
To be sure, one foot of corn or callus, corn between the toes or painful calluses in such a pleasant and safe way, makes it seem the height of folly for anyone to want to pare a corn, and people are warned to stop it.

### TAG DAY.

Saturday has been designated as "Tag Day and Flag Day," the day upon which it is hoped sufficient money will be raised, by various methods, to increase the present company fund of Company M, to a total that will insure the men something to draw on in case of an emergency. The Commercial club is sponsor for the plan and the patriotic, patriotic women and young girls have offered their services to help dispose of the tiny flags that will be sold for whatever sum the purchaser can pay on the street corner. The Boy Scouts, that loyal little organization of enthusiastic boys, will do their share and will carry a huge American flag into the folds of which money can be tossed for the same purpose. Not to be outdone, the Bower City band, the musical organization the city is most proud of, has offered its services to lead the evening parade in which Company M itself will take part. Saturday will be "Tag Day and Flag Day," and not to wear one of those tiny flags on that day will be a mark of distinction that is not to be avoided. It is an opportunity to show your patriotism and the appreciation of the young men who go forth to war in behalf of the interests of humanity and freedom.

### AMERICA FOR AMERICANS.

The Chicago Tribune asks the pertinent question, how long an American newspaper printed in the English language, written by Americans, and owned by Americans, can exist in Germany, and yet, with this nation at war with Germany, hundreds of German papers are published daily and weekly, filled with announcements of England and France, our allies, even if they do not cast insinuating slurs at this nation, in back-handed compliments. If anything is written relative to the war and the German atrocities, you will find plenty of German news here in Janesville, who will shout, "An Englishman wrote that lie." In another column appears a communication from a well known resident that deals directly with this question and the Gazette endorses the sentiments expressed. Must we wait until some few thousands of our soldier boys are slaughtered on the battle front or sunk on the sea before the government takes any actual steps to curb this evil? The declaration of war found us ill prepared, but we should not be in a continual state of unpreparedness for ever. The question the Tribune asks is one that every loyal American citizen should ask. We are at war now and every energy should be devoted to bring it to a speedy and successful end. At the present time the slogan should be "America for Americans." Not America for foreigners who have earned their living here and remain to insult loyal citizens' intonance from any annoyance while our armies are fighting for their lives across the water.

### THE CROPS.

Harvest time is fast approaching when the results of the early spring and summer toil will show results. The thousands of acres of wheat planted throughout the county this spring in the crusade that began even before the National Board of Defense was organized or the State Board of Defense, or even the County Board of Defense, planned it, it should be Defense, "chairs" of the idea, means countless barrels of flour when ground and valuable food products conserved to help win this war. The slip on the name of the county board of "Defense" is excusable when it is understood that this board has a meagre sum appropriated by the county board to cover their expenses and sees fit to pay a large portion of it in salaries. Other counties, which have boards, have men who have donated their services, who have worked with the various military units to increase their enrollment, as suggested by the state board of defense, men who do not expect pay, and many of them making personal sacrifices to help the work along. However the crops are planted, the county board aided materially in securing seed and supplies and the county agricultural agent has worked most unflinchingly in seeking to aid the farmers now to harvest and handle their crops. The results are beginning to be seen now. The canning clubs are beginning to mark an epoch in the conservation of food, the numerous little garden plots have not only proven, but also a source of revenue and saving in many a household. The hay crops promise to be prodigious and the grain crops as large in proportion. Even corn and tobacco have made wonderful strides within the past few days and good harvest weather and continued hot weather for growing of our crops will assure this section of the county of a plenty of supply of food for the coming months with a surplus to send away for the needs of others. Our herds are waxing fat in the fields and the suggestion that stockraisers keep all female calves and let them develop, has apparently worked successfully, for many a herd will be materially larger within a short time for this preventative measure. In fact, we have much to be thankful for and should be optimistic in the extreme.

Governor Phillips did perfectly right to take a fall out of "Brer" Waterson on his editorial questioning the loyalty of the citizens of Wisconsin. No state in the union, with as large a percentage of foreign citizens, has given more liberally of its sons and money to the cause of this nation at the call for aid, than Wisconsin, and

### PATTERSON-BUCKLEY MARRIAGE SOLEMNIZED

Evansville, July 27.—Wednesday afternoon at four o'clock at the home of the bride's parents, Mr. and Mrs. M. R. Buckley, in Madison, occurred the marriage of their youngest child, Mildred, to Leon S. Patterson of this city. The ceremony was performed by the Rev. Charles of the U. W. Congregational church, and was witnessed by the immediate families of the contracting parties. Mr. Patterson has grown to manhood in this city, graduating from our high school, and for the past two years has been attending the University of Wisconsin. His bride is a charming young lady, who has made Madison her home. Mr. and Mrs. Patterson went to Lake Waubesa for a week's honeymoon, after which they will make their home in Madison, where Mr. Patterson will resume his studies at the university for the coming year. All good wishes of Evansville friends follow them throughout their married life.

Personal Shower for Miss Harte. Miss Anna Hodson was the hostess to a party of young ladies at her home on West Liberty street Thursday evening at a personal shower for Miss Dorothy Harte. The event was spent sewing and later delicious refreshments were served. The following young ladies were guests, school friends of the bride-elect: Lillian Gibbs, Dorothy Harte, Ruth Fursatt, Ruth Harte, Grace Haylett, Ava Holmes, Margaret Holden, Fannie Gabriel, Ruth Christman, Doris Blackman, Bernadine Gillman, Lillian Gibbs, Dorothy Harte.

The Misses Ethelyn and Verneale Johnson gave a very delightful shower for Miss Eileen Bullard at their home on Church street Thursday afternoon, having as their guests about twenty-five young ladies. The hostesses had prepared a scrapbook containing appropriate pictures, and in this book each girl wrote her autograph. These were presented to the guest of honor. Light refreshments were served and the afternoon passed all too quickly. Miss Ruth Winston very delightfully entertained a company of young ladies and gentlemen at her home on Main street Thursday evening. The evening was spent at cards. Refreshments were served and each guest present voted their hostess an ideal entertainer.

Automobile Accident. As Mr. and Mrs. Harry Blakely and the party of friends who motored to Janesville with them Wednesday evening to attend the Eastern Star convention were preparing to start for home, an accident happened that damaged their automobile

badly, but luckily did no further damage. Mr. Blakely was turning his car about near Razook's restaurant, and not thinking of a street car nor hearing it, turned in such a manner that the Main street car, going toward the Myers Hotel, struck his auto, ripping off the fender, bending the gear of one front wheel and doing other minor damages. Due to the fact that both were moving slowly, Mr. Blakely, who was the only one in the car, escaped injury. The auto was taken to a garage and the party proceeded homeward by train. Mr. Blakely went back to Janesville yesterday morning to see about repairing his car.

The Great Semi-Annual Sale of Men's, Young Men's, Boys' and Children's Suits

STARTS TOMORROW MORNING

Here is the proposition, simple, sound and convincing. No doubt, from a dollar and cents standpoint, and considering the present clothing conditions, we would be justified in carrying goods over to next season, but this store's unchanging policy demands that all goods must be sold in the season for which they were purchased—and they will.

Here they are—the greatest stocks of fine merchandise ever shown in this city (the late season is largely to blame for this). They're right up to our well known standard of top notch values.

Thousands of suits for tall, short, stout men; all colors and weights.

To rid our stocks we have assembled our suits in three great groups:

### GROUP NO. 1

\$12.75

Many in greys and in light and dark colors. Many with pinch-back models—some plain models, former values to \$18; not all sizes in every lot, but every size in all lots.

### GROUP NO. 2

\$14.50

A very large lot of Suits in smart new models—almost any desired fabric. Splendidly tailored suits that will hold their shape and give good service. Many fine suits in this collection, all wanted sizes. \$14.50

### GROUP NO. 3

\$17.50

A splendid lot of fine Suits, principally well known makes—cut from fancy worsteds, plain blue and green flannels, fancy mixtures, etc., 3-button English, double breasted and single breasted pinch-back models, all wanted sizes \$17.50

## Kool Kloth Suits

\$8.50 to \$10.50

Pinch-back and belted all around models.

## Summer Furnishings

Fine Outing Shirts, Bathing Suits, Union Suits, Men's Hose, Wash Ties, Men's Belts, Canvas Shoes and Oxfords, most Favored Straw Hats, Large Assortment of Suit Cases and Bags.

## Rehberg's Great Shoe Dep't.

The greatest shoe store in Southern Wisconsin, without fear of contradiction we make the foregoing broad statement.

## Are You One of These?

There are hundreds of people in Janesville and Rock County who could easily save a few dimes or possibly a dollar out of each week's wages, but who save nothing at all.  
They fail to remember that the small deposit made each pay day will mean a handsome bank account for them soon. Don't pass the bank's doors this week with money that you can save. Don't cheat yourself out of a snug bank account.

### The High Hills.

The Nevada through freight was two hours late issuing from the western portal of Timanyon canon. Through the early mountain-climbing hours of the night and the later flight across the Red desert, the dusty, travel-grimed young-fellow in the empty box car midway of the train had slept soundly, with the hard car floor for a bed and his folded coat for a pillow. But the sudden cessation of the crash and roar of the shut-in mountain passage awoke him and he got up to open the door and look out.

It was still no later than a lazy man's breakfast time, and the May morning was perfect. Over the top of the eastern range the sun was looking, level-rayed, into a parked valley bounded on all sides by high spurs and distant snow peaks. In its nearer reaches the valley was dotted with round hills, some of them bare, others dark with mountain pine and fir.

From the outer loopings of the curves, the young tramp at the car door had momentary glimpses of the Timanyon, a mountain torrent in its canon, and the swiftest of upland rivers even here where it had the valley in which to expand. A Copah switchman had told him that the railroad dike had been built at the end of the night's run, in a river valley beyond the eastern Timanyons, and that the situation of the irrigation project which was advertising for laborers in the Denver newspapers was a few miles up the river from Brewster.

As the train swept along on its way down the grades the valley became more open and the prospect broadened. At one of the promontory roundings the box-car passenger had a glimpse of a shack-built construction camp on the river's margin some distance ahead. A concrete dam was rising in sections out of the river, and dominating the dam and the shacks two steel towers, with a carrying cable stretched between them, formed the piers of the aerial spout conveyor for the placing of the material in the forms.

The train made no stop at the construction siding, but a mile farther along the brakes began to grind and the speed was slackened. Sliding the car door another foot or two, the young tramp with the week-old stubble beard on his face leaned out to look ahead. His opportunity was at hand. A block semaphore was turned against the freight and the train was slowing in obedience to the signal. Waiting until the brakes settled again, the tramp put his shoulder to the sliding door, sat for a moment in the wider opening, and then swung off.

His alighting was upon one of the promontory embankments. To the westward, where the curving railroad track was lost in the farther windings of the river, lay the little intermountain city of Brewster, a few of its higher buildings showing clear-cut in the distance. Paralleling the railroad, on a lower level and nearer the river, a dusty wagon road pointed in one direction toward the town, and in the other toward the construction camp.

The young man who had crossed four states and the better part of a fifth as a fugitive and vagrant turned his back upon the distant town as a place to be avoided. Scrambling down the railroad embankment, he made his way to

the wagon road, crossed it, and kept on until he came to the fringe of aspens on the river's edge, where he broke off the trampish traditions by stripping off the travel-worn clothes and plunging in to take a soapless bath. The water, being melted snow from the range, was icy cold and it stabbed like knives. Nevertheless, it was wet, and some part of the travel dust, at least, was soluble in it. He came out glowing, but a thorn from his well-groomed past came up and pricked him when he had to put the soiled clothes on again. There was no present help for that, however; and five minutes later he had regained the road and was on his way to the ditch camp. As he walked he read for the fiftieth time something on the page of a recent St. Louis paper. It was under flaring headlines:

### ATTEMPTED MURDER OF BANK PRESIDENT.

Society-Leader Cashier Embezzles \$100,000 and Makes Murderous Assault on President.

Lawrenceville, May 15.—J. Montague Smith, cashier of the Lawrenceville Bank and Trust company, and a leader in the Lawrenceville youth movement, is today a fugitive from justice with a price on his head. At a late hour last night the watchman of the bank found President Durham lying unconscious, and Mr. Durham, who was supposed to be suffering from some sudden attack of illness, was taken to his hotel. Later, it transpired that the president had been the victim of a murderous assault. Discovering upon his return to the city yesterday evening that the cashier had been using the bank's funds in an attempt to cover a stock speculation of his own, Durham sent for Smith and charged him with the crime. Smith made an unprovoked and desperate assault upon his superior officer, beating him into insensibility and leaving him for an arrest and detention has been offered by the bank. It is not thought possible that he can escape. It was currently reported not long since that Smith was engaged to a prominent young woman of Lawrenceville, but this has proved to be untrue.

He rode the newspaper and put it in his pocket. The thing was done, and it could not be undone. Having put himself on the wrong side of the law, there was nothing for it now but a complete disappearance; exile, a change of identity, and an absolute severance with his past.

When he had gone a little distance he found that the wagon road crossed the right of way twice before the construction camp came into view. The last of the crossings was at the temporary material yard for which the side track had been installed, and from this point on the wagon road held to the river bank. The ditch people were doubtless getting all their material over the railroad so there would be little hauling by wagon. But there were automobile tracks in the dust, and shortly after he had passed the material yard the tramp heard a car coming up behind him. It was a six-cylinder roadster, and its motor was missing badly.

Its single occupant was a big, bearded man, wearing his gray tweeds as one to whom leisure was merely a convenience. He was chewing a black cigar, and the unoccupied side of his mouth was busy at the nascent moment of his obligations upon the limping motor. A hundred yards farther along the motor gave a spasmodic gasp and stopped. When the young tramp came up, the big man had climbed out and had the hood open. What he was saying to the stalled motor was picturesque enough to make the young man stop and grin appreciatively.

"Gone bad on you?" he inquired.

Col. Dexter Baldwin, the Timanyon's largest landowner, and a breeder of fine horses who tolerated motorists only because they could be driven hard and were inebriated and fit subjects for abusive language, took his head out of the hood.

"The third time this morning," he snarled. "I'd rather drive a team of wind-broken mustangs, any day in the year!"

"I used to drive a car a while back," said the tramp. "Let me look her over."

The colonel stood aside, wiping his hands on a piece of waste, while the young man sought for the trouble. It was found presently in a loosened

magneto wire; found and cleverly corrected. The tramp went around in front and spun the motor, and when it had been throttled down, Colonel Baldwin had his hand in his pocket.

"That's something like," he said. "The garage man said it was carbon. You take hold as if you knew how. What's your fee?"

The tramp shook his head and smiled good-naturedly.

"Nothing; for a bit of neighborly help like that."

The colonel put his coat on, and in the act took a better measure of the stalwart young fellow who looked like a hobo and talked and behaved like a gentleman.

"You are hinking out to the dam?" he asked brusquely.

"I am headed that way, yes," was the equally crisp rejoinder.

"Hunting a job?"

"Just that."

"What sort of a job?"

## WHITEWATER HERE ON NEXT SUNDAY; HAVE NEW HURLER

Mitchell to Oppose Lathrop Who Pitched Visitors to Win Over Fort Atkinson Last Week.

The Cardinal co-op managers have a couple of new ones up their sleeves to spring on Whitewater Sunday. The boys from over the county line journey here for the exhibition. It appears that it is going to be a contest of more or less strenuousness.

Captain "Duckie" Eberts has secured Mitchell, a new pitcher, to oppose the visitors' far-famed Lathrop, from the Three-league, and who was mainly accountable for White's some victory over the Port Rebels last Sunday. Eberts is assuring everybody that Mitchell is a pitcher from start to finish, and will be able to handle the Cardinals' slugging aggregation without trouble. In addition the Cards have Crodon, who shut out the Rockford Maroons last Sunday and the week previous went ten innings in a victory over the Cardinals, and should have won. The Geneva lad is ready to go on at any time.

Fiene is to be kept on the first sack and only used on the mound in an emergency.

As the result of games last Sunday three teams, the Cardinals, Whitewater and Fort Atkinson, are tied for third place. The Cardinals are a whole lot to every team. Managers Kuhn and Langdon are enthusiastic over the coming of Mitchell and are looking forward to a victory for them. The Cardinals are higher in the percentage column. Whitewater will fight as hard as the Cardinals for the better of the break of the tie. Incidentally, it should be one grand fight.

## ONE TWO, FIVE DOLLAR BILLS GET SCARCER EVERY DAY.

(SPECIAL TO THE GAZETTE.)

Washington, July 27.—An unusual and acute scarcity of one, two and five dollar bills confronts the treasury department. Multiplication of the government pay roll and excessive industrial activity to fill war contracts are responsible.

To meet the emergency the Treasury is restricting the allowance of small notes to banks to the number of "units" bills brought in for exchange. Previous custom was to let the banks have small notes in exchange for notes of larger denomination.

## Dinner Stories

For years the old country couple had looked forward to spending a holiday in New York and one day they found themselves in the very busiest part of the city. Together they stood watching the traffic to which there seemed no end. They did not know how to cross the street. "What ever you do, Liza, don't get separated from me," said the old man to his wife; "and whatever you do, don't cross the road without me." Then a policeman came along and seeing the old woman hesitating took her by the arm and commenced to pilot her to the opposite side. "Dang my buttons," cried out the old man in alarm, "I ailed told 'er that some one would take a fancy to her, but I didn't think anyone 'ud 'ave the impudence to take 'er afore my very eyes!"

Two Irishmen were asking each other questions one day and when their supply ran out Pat suggested that they should make some up. "All right," said Mike. Here's one. Phwat is it that goes around a barony and ather in on two legs and barking like a dog?" "My, that's hard. I give it up," answered Pat, after some moments of thinking. "Phwat's the answer?" "Chicken."

"My, that's foine; but how'd the barking of a dog get in there?" inquired Pat.

"Oh, I just put that in to make it harder."

A Scotch laddie was showing a woman tourist an old abbey. On leaving him at the church yard gate she rewarded him only with barren thanks.

Whereupon the canny Scot remarked:

"Weel, my leddy, when ye gang hame, if ye fin' out that ye have lost your purse ye main't recollect that ye hawna had it oot here."

The price of The Milwaukee Journal on Sundays is Three Cents—and Three Cents never had greater purchasing power. In fact, leading journalists declare that it would be impossible for any newspaper to be better and more perfect in presenting *all* the news in so clean and concise a manner. In every respect it is deserving of the title, "Wisconsin's Own Sunday Newspaper." It has more than reached the 100,000 reader mark because it is *clean, dependable and true!* It has earned the confidence of its readers because it never breaks faith. Forgetting its price a moment—its human interest, its powerful editorials with their clear note of Americanism, its *completeness*—should earn for it a place in YOUR home.

The Sunday Journal differs from ordinary Sunday newspapers in more respects than merely price. Take its Telegraphic News for example! Over its own two private wires, The Journal receives full telegraphic service of The New York Times, The New York Tribune and The New York World—in addition to The United Press Service and several special News Services. Thus are readers of The Sunday Journal assured of receiving a more varied and complete news service than that found in any single newspaper published in New York, Chicago, Philadelphia or Boston.

And War News! The Sunday Journal has a world-wide staff of writers that give its readers first hand information of important events in the world strife. It has Karl Rosner in Germany, Norman Hapgood in London, Cyril Brown in Copenhagen and Henri Bazin in France. It has a corps of war correspondents like H. Perris, F. A. Wray, Arthur S. Draper—and others to explain and dissect the significance of the various moves in the great strife for its readers.

Then there are special articles of a kind found only in magazines as a rule. T. P. O'Connor, Irish leader and veteran journalist; William T. Ellis, religious editor of The Philadelphia North American; Charles M. Pepper, formerly trade advisor to the American state department; Count Ilya Tolstoy, son of the famous Russian writer—all writers of international reputation, contribute notable articles regularly.

Its Sporting Pages make instant appeal to the red blooded followers of sports. Its market news and stock quotations are authorities for men in financial circles. Its cartoons are from the pens of masters in the art of caricature. Its comic section, 4 pages in colors, is admitted a laugh producer.

State news—interesting stories of people and places add to the completeness of The Sunday Journal. The Journal, in short has done everything within its power to give its readers a wonderful Sunday Newspaper.

**Read The Journal this Sunday—and you'll buy it regularly. Phone Bell 590 or Rock County 301—a carrier will bring it.**
